

HealthAllies is an innovative way to help your employees save money on non-covered health care services. HealthAllies is **not** a health insurance plan, but a **health discount program**. By providing access to preferred rates from our nationwide network of physicians, practitioners and facilities, HealthAllies can help participants save 10 to 50 percent on non-covered health care costs.

**HealthAllies complements any benefits program**

- For employers offering a full benefits program, HealthAllies can help employees save on products and services that insurance typically doesn't cover services such as LASIK, cosmetic dentistry, and massage therapy.
- For employers that cannot afford to offer ancillary benefits, HealthAllies provides savings opportunities of up to 50 percent on general and cosmetic dental dentistry, vision care, fitness, weight management, and much more.
- For employers not currently offering any type of health plan, HealthAllies can help put quality health care within reach of all employees by offering savings on basic medical care, hospitals, and prescription drugs as well as on ancillary services.

One low monthly fee enables employees **and their families** to save hundreds of dollars per year.

**Flexibility to suit your needs**

HealthAllies is a flexible opportunity, offering a choice of contribution levels as well as a choice of program levels.

For small or mid-sized employers with up to 1,000 employees, the HealthAllies program is available as an employer-funded benefit. For employers with more than 1,000 employees, HealthAllies is available as an employer-funded or employer-subsidized benefit.

**Top-quality care and customer service**

Our network of more than 350,000 health care practitioners and facilities includes many of the nation's premier doctors, hospitals, and academic medical centers.

Subscribers can get information including credentials, languages spoken and discounted rates on the HealthAllies Web site or from the Customer Service Center.

To ensure participant satisfaction, HealthAllies includes a suite of Concierge Services, including:

- New Patient Introduction Calls
- Customer Satisfaction Calls
- Provider Nomination Process
- Travel Health Care Assistance

**Easy access to savings**

As HealthAllies subscribers, your employees and their dependents have the freedom to choose when and where they receive health care services not included in any health plan they might have, whether company-sponsored or individually purchased. No referrals are required, and there are no claim forms to submit. Subscribers can visit any of the practitioners in the HealthAllies nationwide network and pay preferred rates at the time of service. *It's that simple.*

Subscribers locate a physician or practitioner and confirm discounted rates either by visiting our Web site or by calling our toll-free Customer Service Center. After scheduling an appointment, they simply present their membership card and rate confirmation at the point of service to receive the confirmed discount rate.
